FROM THE LIBRARIAN'S DESK. . . .

The Library has received some generous donations recently, including an original handmade quilt, some original art works created by local artists and various gifts of money for the purchase of library materials. We have received an unusual gift, thanks to the generosity of the Morton Grove Lion's Club - a one year subscription to the Chicagoland Radio Information Service, or C.R.I.S.

What is C.R.I.S.? It is a service for the visually impaired and features volunteers, reading directly from selected Chicago area newspapers. We hope to make all visually impaired individuals in Morton Grove and their friends aware of this special service.

If you know of an individual in Morton Grove who has a visual handicap or who would like more information about C.R.I.S., please contact our Outreach department. We hope to loan the special receiver on a short term basis, so that interested individuals may hear for themselves, in the privacy of their homes, this interesting and helpful service.

If you know someone who is homebound, who cannot reach the library, please call our Outreach department - we are here to help you.
